National Carwash Solutions enters into a partnership agreement with Complete Car Wash

Grimes, Iowa (May 24, 2018) – NCS is proud to announce that it has entered into a strategic partnership agreement with Complete Car Wash (CCW), a major car wash distributor in Anniston, Alabama. CCW has a long-standing reputation of providing the very best in car wash consultation, design, construction, equipment systems, cleaning solutions and maintenance services to their car wash customers.

“We are very excited to partner with Complete Car Wash, a leading Southeast distributor of car wash systems, services and cleaning solutions. CCW has made a long-term commitment to their customers, resulting in an equally long-term history of growth,” said Michael Gillen, CEO of National Car Wash Solutions. “We’re thrilled to join with Mike Dickert and Complete Car Wash. They have an impressive story and golden reputation they’ve built over the years.”

While CCW has been a leading car wash distributor for tunnels, in-bay automatics, self-serve, cleaning solutions and car wash maintenance services for many years, this partnership with NCS is a great opportunity to expand their products and services while offering substantial benefits to new and existing customers. With this strategic partnership, CCW will continue to provide sales, service and support for the MacNeil and CleanTouch brands plus their existing vendors. They will also have access to Ryko brand equipment systems and CleanTouch maintenance services.

“I am convinced that NCS is the right partner for us,” said Mike Dickert, owner of Complete Car Wash. “NCS’s resources will expand our capabilities; we couldn’t be more excited to become part of the NCS family. We both share a vision to make our car wash customers profitable through exceptional customer service.”
